#### ***WPA Mission Statement–***

***To advance the interests of General Aviation in Washington State through advocacy, outreach, education, and social activities.***

#### **CCPA on the Web**

That's right gang! CCPA has a web page on the WPA web site. If you want a direct link, then look at: [www.wpaflys.org/Chapters/Clallam\\_County/Clallam\\_County.html](http://www.wpaflys.org/Chapters/Clallam_County/Clallam_County.html) and see what our page looks like.

### Presidents Corner

Jim Buck, legislative representative of the 24 legislative district, will present a power point presentation at our next meeting on what could happen in the event of a large earthquake in our area. Jim's presentation has been widely acclaimed on the Peninsula and is what could turn out to be an accurate prediction. Jim is also aware that emergency managers need to know what we as pilots can do in such an emergency. As a result of about an hour long discussion a number of our members will give Jim and any other emergency managers at our meeting a thumb nail sketch of how pilots could help out.

Right now emergency managers are urging us to get FEMA cards and qualify either as emergency pilots or as support personnel. As your president, I hope that Jim's presentation will help you spring into action so that you can actually help in the event of an actual emergency whether it's a large earthquake of something else.

***Since this meeting is at the library, it is open to the public.*** Please don't hesitate to bring your friends, wives, and anyone who might be concerned with emergency management.

### President, *Gene Rimov*

A Familiar Face to the Clallam County Pilot's Association.....

Clallam County Pilot's Association  
General Meeting  
May 18, 2006

Minutes of April 20, 2006 meeting were approved as sent out.

The resignation of Don McKelvey as Program Chairman was accepted. We thank Don for his dedication to CCPA and we hope to keep him involved in the general membership.

Programs will be presented by the following:

- Jim Buck                      June 15th      Cascadia Fault
- George Galasso              July 20th      Flying over Olympic Coast Wildlife Sanctuary.
- Dennis Toepke                August 17th    Mexico in a C-150

We need program suggestions for September, October and November of 2006.

Obtaining a sign will be a topic for the next Executive Board meeting.

We have seen some "action" by the City on making the Airport intersection safer. The City has installed signs and have cut back some of the bank on the southerly side of the road. Police are still looking into what can be done. Gene will talk to Jeff Robb.

Jim Buck will give a presentation on Earthquake preparedness and the Cascadia Fault at our next CCPA General Membership meeting @ on June 15, 2006 @ 7:00 PM.

Dave LeRoux gave a presentation on the Discovery Trail Farm Development. This is the new housing development adjacent to the Sequim Valley Airport.
