## Flying Across Australia and Canada

**Doug DeVries** will talk about his adventure flying 4,000 miles across Australia in a 1942 Stearman. He and Rob Richey, flew across some of the most remote areas in the Country on an Air Safari adventure. Doug has just returned from having a great Arctic Adventure. The coverage of the trip can be read at the homepage of the adventure, <http://www.greatarcticairadventure.com/>. Some of the images at the site are very cool.
