Enhancing Safety in The Aviation Community: A Work in Progress

With Thomas M. Little
Senior Aviation Accident Investigator, NTSB

WINGs CREDIT

What makes an Accident Vs. an Incident ?

The presentation outlines the mission of the NTSB and its organizational structure. A review of NTSB 830 and how accident vs incidents are classified

ALSO:

culminated with the group viewing photographs of various accidents in an attempt to discern whether they are accidents or incidents, i.e., what makes one an accident vs and incident.

Mr. Little has a BS & Masters Degree from CSU Fresno, CA and over 15 years of experience on the NTSB. With over 20,000 hrs flight time and over 600 Investigations (many notable) we all have something to learn from him!

Friends / Family Always welcome!
