Minutes for the April 9 mtg:

The April 9, 2015 meeting of the NorthSound chapter was called to order at 7 PM by past president Kelly Beerman.

Dave Grant informed us that the newsletter "Hangar Talk" was recently posted and available for WPA members only. Presently, there are 59 paid-up members.

The program, a wings event, was presented by Gordon Alvord. He talked about single-pilot resource management, and how it differs from the more familiar crew resource management found in airline and multiple pilot operations. As single pilots we need to be aware of the help available to us before and in flight, as well as how to assess ourselves as pilots.

Paul Zosel, secretary
