

## **WPA North Sound Chapter 2/11/2016 Meeting Minutes**

The NorthSound chapter meeting of 11Feb2016 was called to order at 7 PM by President Robert Powell. Bob French reported on future activity at KBLI. Moving the existing hangars to make more room for airline parking will not occur in the foreseeable future, due to decreased traffic. This is due in part to the downturn in Canadian utilization of KBLI. With a more favorable exchange rate on the US dollar for them in the future, expansion of the terminal may once again be considered, which could mean moving the hangars. A revision of taxiways delta & echo are planned. Status of the proposed airport webcam is unknown, but has not been cancelled.

Next month's meeting will begin at 6:30. A webinar on icing must begin promptly at 7 PM, and there needs to be time before that for an FAA award presentation. A dinner is planned to precede the meeting; details are forthcoming on that.

Rick Luke gave part 2 of his "all you need to know to be a private pilot" presentation.
