### January 6th, 2006 program

Dave Waggoner, PAE Airport Director

Airport Overview and Mediated Role Determination Review project update.

Dave will provide a short summary on the Airport's current plans and programs. There will also be a brief on the County Executive's Mediated Role Determination Review Panel. (The year's fight the nay's on Regional Service and end up on the same review panel)

**NEXT  
NEWSLETTER  
DEADLINE  
December 11th**

**PHOTOS:** The airport is looking for pictures of airplanes to add to their website. GA, military, corporate, commercial—all are welcome. Dave is particularly interested in getting pictures of planes in the landing pattern, with the runway or trees in the background. They don't have a neat way to offer picture credits so you will have to be satisfied with seeing your shots on the web if they are able to use them. Please email them to [dave.waggoner@co.snohomish.wa.us](mailto:dave.waggoner@co.snohomish.wa.us)

# Flyouts and "Hangar Flying"

by Rebecca Lohman

It really feels like winter even though, according to the calendar, we have a few more weeks until it's officially winter. I know the skier's are really happy.

So.....we may have a few more days of "hangar fly'n" than fly-outs for a while, but this is the beautiful Pacific Northwest and we all know the weather can change in a flash. I hope everyone had a Happy Thanksgiving and didn't eat too much turkey. By the time you get this the Christmas Party Gala may be over too, but I for one am anxious to see the new Future of Flight. I am disappointed that it seems that the "past" has been forgotten at this new facility, but how can you have a future of flight without addressing the past just a little?—maybe I'm speaking prematurely, since I haven't seen the exhibits.

I asked for some input regarding a "daytime" social on a Saturday when we can't go flying, like watching a tape, etc., y'all haven't actually overwhelmed me with responses, so I guess I'll have to come up with something myself! It may be after the holidays at the rate we are going!

If you haven't been attending the Saturday seminars, you are missing a lot. I was able to attend the second half of the one in October and it was excellent. Our own, Jim Faustina, presented the program, and even though I'm not an aircraft owner, I found it very helpful and good solid information for anyone that flies. Don't miss out on these!! Check our WPA calendar, for all of the different things going on each month.

Remember we will continue to gather every Saturday morning around 10:00 a.m. at Regal Air, Paine Field, and decide where to fly, weather and number of planes permitting, for breakfast/lunch, or just go to eat locally. If we fly, Please help your pilot with fuel costs.

-Fly safely

## Web Site is Moving

We are moving our web site to a new hosting service, and at the same time, we will be changing our domain name to [www.wpa-paine.org](http://www.wpa-paine.org). It will probably be up by the time you receive this newsletter.

## Safety & Education Owner/Operator Maintenance Seminar

December 03, 2005

0830-0950 Aircraft carburetor and injection systems

- Alan Jesmer Precision Airmotive

1010-1130 Aircraft engine operation and troubleshooting

All seminars to be held at the Everett Community College Aviation Technologies Department (Paine Field, building C80) All seminars are free and open to everybody.

## Saturday Morning Fly-outs

We meet around 10:00 AM at Regal Air, Paine Field, nearly every Saturday morning (consult our calendar on the web for special events).

All are welcome (Non-pilots as well as non-members of WPA). No "charge" - Just please help your pilot with fuel!

## Reporters Wanted!

**Intrigue!**  
**Romance!**  
**Adventure!**

For a new monthly column!  
**The Paine Flyer is looking for reporters (that's you) to write short article(s) about fellow WPA pilot(s) here at Paine Field.**
